## DETAILED ACTION

Applicant's response received May 5, 2008 was a full and complete response to the Quayle Action mailed March 3, 2008. However, the following additional items have been newly discovered and therefore prosecution is reopened to address them.

This application is in condition for allowance except for the following formal matters:

Although applicant has filed an updated 3.73b statement which corrects the previous error, an updated consent has not also been provided. The assignee consenting to the reissue must be the same as the assignee the 3.73b evidence shows is the current assignee. The consent needs to demonstrate consent of the up-to-date assignee to the filing of the reissue as noted in the previous review.

The specification needs to be updated to include reference to child continuation reissue application 10/955,894 per MPEP 1451.

Prosecution on the merits is closed in accordance with the practice under Ex parte

Ouavle, 25 USPO 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire TWO MONTHS from the mailing date of this letter.
